Comments from Evaluators		
<p><u>Business</u></p> <p>Contacts initiated with Framagit, April and Heptapod, with warm welcome and OK to assess FedeProxy.</p> <p>It is proposed to develop a blog/white paper explaining FedeProxy , the problem it solve and its benefits, communication to be relayed from allies</p> <p><u>Technical</u></p> <p>The team provided two documents and delivered all their milestone properly.</p>		
Status	100% of the payment will be done	

Event Evaluation

Technical Evaluation	Score (0,00 – 70,00)	57,4
Business Evaluation	Score (0,00 - 20)	8,50
Quality of the presentation	Score (0,00 - 10,00)	5,5
TOTAL	Score (0,00-100,00)	71,40
Comments from Evaluators		
<p><u>Technical</u></p> <p>Their strong point is starting from scratch (fedeproxy did not exist before dapsi), and the team is also contributing to the standards. However, there are no users at the moment, thus the team wise still a long way to go.</p> <p><u>Business</u></p> <p>Very interesting and different approach which makes a lot of sense. As soon as you have new users maybe it will be interesting to think of some clients that are paying for covering the costs of your company.</p> <p><u>Presentation</u></p> <p>This is a very complexed project, and it would be nice to show in a clearer way, how you are creating real value, either financial or intangible value. Low quality slides.</p>
